

ECO Canada Employment Funding & Services Webinar Hosted by: Talent 4 Non-Profits

May 27, 2022

Territorial Acknowledgement

I am presenting today from the land of the ləkʷəŋən peoples on whose traditional territory I live, work, and play and the Songhees, Esquimalt and W̱SÁNEĆ peoples whose historical relationships with the land continue to this day.

ACE-WIL BC/Yukon

Association for Co-operative Education and Work-Integrated Learning BC/Yukon is a non-profit organization that fosters **co-operative education** and **work-integrated learning** (WIL) by providing resources and education to WIL professionals, employers, and students.

Talent 4 Non-Profits

- 1. Funding:** Find funding to hire students.
- 2. Recruitment:** Recruit students through the Post an Opportunity page.
- 3. Resources:** Provide you with relevant resources.
- 4. One-on-one support:** Receive advice and support with any stage of your student engagement process.

Overview of ECO Canada resources to help environmental organizations succeed

*PREPARED BY:
JAMEY HOLT
BUSINESS DEVELOPMENT MANAGER
ECO CANADA*

Land Acknowledgement

In the spirit of respect, reciprocity and truth, we honour and acknowledge Moh'kinsstis, and the traditional Treaty 7 territory and oral practices of the Blackfoot Confederacy: Siksika, Kainai, Piikani, as well as the Îyâxe Nakoda and Tsuut'ina nations. We acknowledge that this territory is home to the Métis Nation of Alberta, Region 3 within the historical Northwest Métis homeland. Finally, we acknowledge all Nations – Indigenous and non – who live, work and play on this land, and who honour and celebrate this territory.

This sacred gathering place provides us with an opportunity to engage in and demonstrate leadership on reconciliation. Thank you for your enthusiasm and commitment to join our team on the lands of Treaty 7 territory.

About Us

ECO Canada is the steward for the Canadian environmental workforce across all industries.

- » We champion the end-to-end career of an environmental professional
- » We not only train and certify professionals, but also help identify and address labor market gaps

Our efforts promote and drive responsible, sustainable, economic growth to ensure that environmental care and best practice is priority.

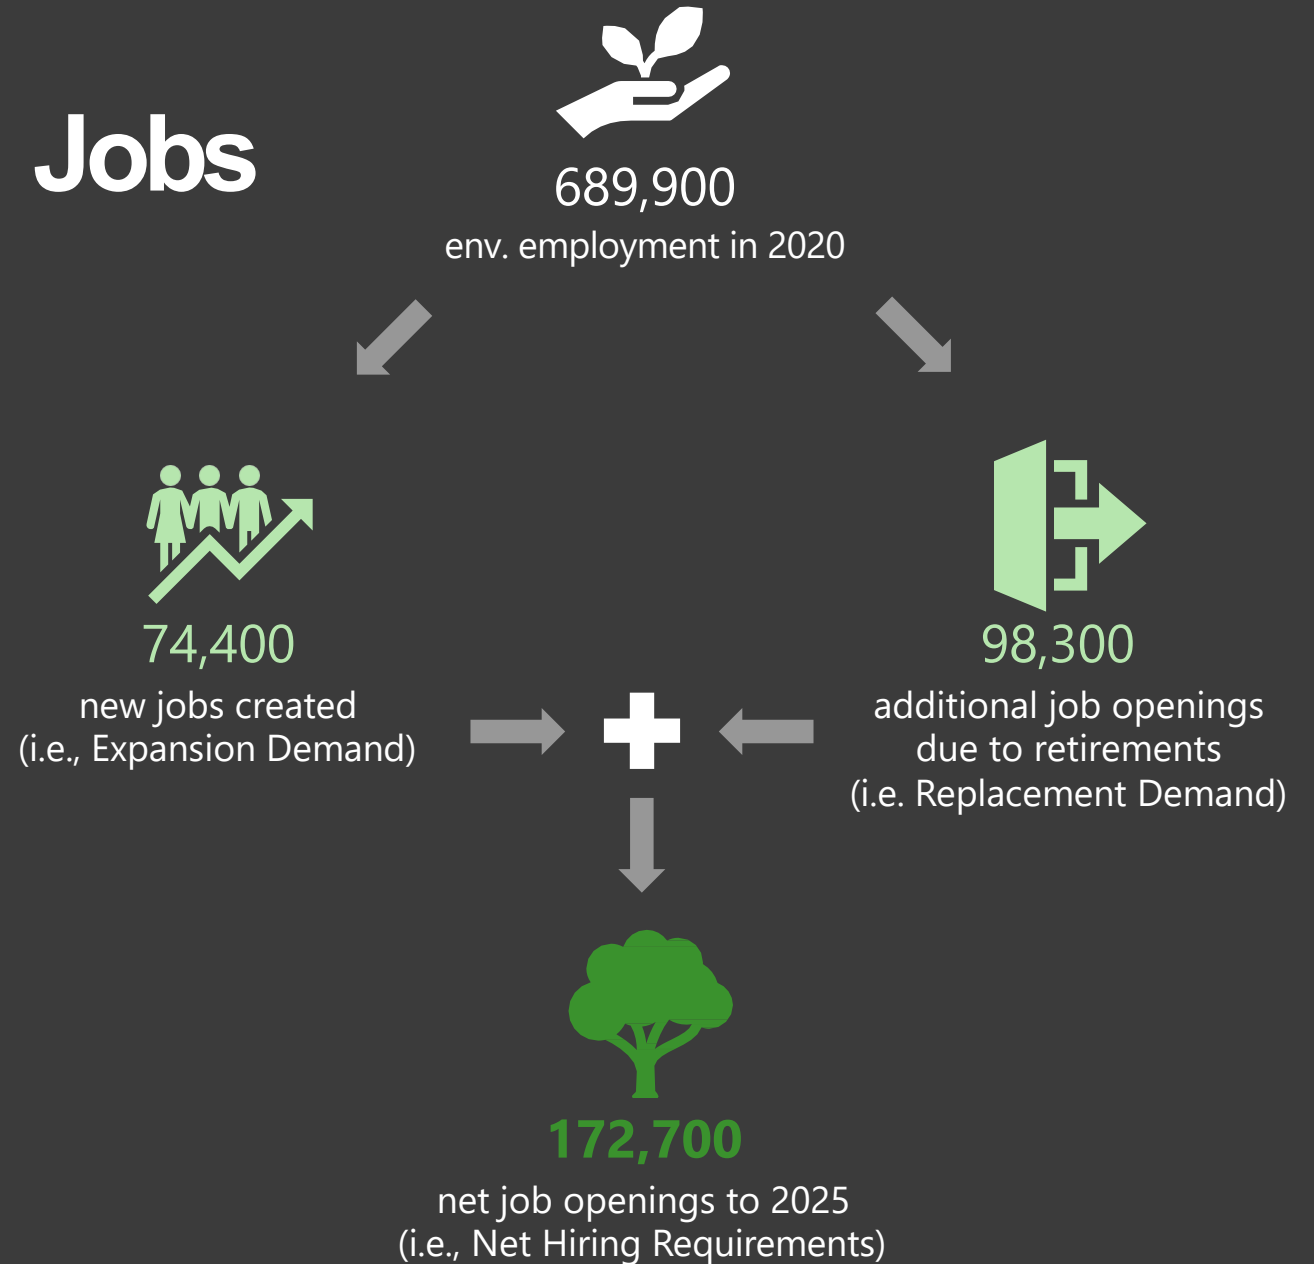

HIGHLIGHTS

The Future of Green Jobs

About **1 in 26 workers** in Canada (**689K workers**) was in a **green job** in 2020, up from 1 in 30 in 2019.

Job growth and retirements will account for **~173K net environmental job openings by 2025**—equivalent to 25% of 2020 employment levels.

- About 43% of net job openings will stem from expansion demand, while 57% will be due to replacement demand.
- About 37% of net hiring requirements (108K jobs) will be for environmental workers—either in roles that require environmental competencies.

WAGE FUNDING

What Employment Programs Do We Offer?

Environmental Employability Pathways

Student Work Placement

Digital Skills for Youth

Youth In Natural Resources

Science Horizons Internship

For over 20 years ECO Canada has been connecting environmental employers and skilled junior talent through employment programs that offer wage subsidies to drive valuable on-the-job work experience and essential skills training.

220,000 jobs must be filled by qualified practitioners by 2029!
